2026-27

Ages 5-7 Classes for K - 1st

Our classes for Kindergarten and 1st Grade students ages 5-7 offer excellent dance and creative movement training at developmentally appropriate levels. All children's division classes are based on the fantastic Leap 'N Learn Curriculum by each year of age from 3-8. Arts Ballet has used this curriculum for over 16 years! For ages 5-7, we focus on gross motor skills, balance, musicality, imagination, artistry, coordination, and more complicated patterns and combinations all while having lots of fun! Dance, music, and movement training is great for a child's body and brain development! It also builds social skills, resilience, determination, and joy! Dancers are invited to perform in our December 12th & 13th Nutcracker and our Spring Original Ballet (Theme and dates TBD). They also have an end-of-year class demonstration and gathering.
